## SECTION 1: GENERAL INFORMATION

---

- 1.1. **Summary.** The Rhode Island Energy Efficiency and Resources Management Council (“EERMC”) is issuing this request for proposals (“RFP”) to solicit proposals from qualified offerors to create educational videos beginning March 1, 2021 as described in Section 5 of this RFP.
- 1.2. **EERMC.** EERMC is a council authorized, created and established pursuant to the laws of the State of Rhode Island (“State”). See R.I. Gen. Laws §42-140.1-3. EERMC council members are appointed by the State Governor with the advice and consent of the State Senate, and the Commissioner of the Rhode Island Office of Energy Resources (“OER”) serves as the EERMC executive director. See R.I. Gen. Laws §42-140.1-4. In accordance with R.I. Gen. Laws §42-140.1-6, EERMC is authorized to engage consultants and professional services as necessary and appropriate to fulfil its statutory purposes which are to:
- Evaluate and make recommendations, including, but not limited to, plans and programs, with regard to the optimization of energy efficiency, energy conservation, energy resource development; and the development of a plan for least-cost procurement for the State;
  - Provide consistent, comprehensive, informed and publicly accountable stake-holder involvement in energy efficiency, energy conservation, and energy resource management;
  - Monitor and evaluate the effectiveness of programs to achieve energy efficiency, energy conservation, and diversification of energy resources; and
  - Promote public understanding of energy issues and of ways in which energy efficiency, energy conservation, and energy resource diversification and management can be effectuated.
- 1.3. **State Purchases Act.** In general, the State Purchases Act, R.I. Gen. Laws §37-2-1 et seq., applies to every expenditure of public funds by any State governmental entity or public agency within the State. EERMC, as a council established by the Rhode Island General Assembly, is issuing this solicitation and selection for award in accordance with the underlying purposes and policies of the State Purchases Act. Any prospective offeror or offeror who wishes to submit a written protest in accordance with R.I. Gen. Laws §37-2-52, must submit the protest to the Commissioner of the Rhode Island Office of Energy Resources via email at [energyresources@energy.ri.gov](mailto:energyresources@energy.ri.gov).
- 1.4. **Equal Opportunity Policy.** In accordance with R.I. Gen. Laws §28-5.1-10, any selected offeror(s) who contract(s) with EERMC must possess the same commitment to equal opportunity as prevails under federal contracts controlled by federal executive orders 11246, 11625 and 11375. The selected offeror(s) may be required to submit an equal employment opportunity plan as proof of commitment. For more information, please contact the Rhode Island Equal Opportunity Office within the Rhode Island Department of Administration’s

Office of Diversity, Equity & Opportunity at 401.222.6398 or visit <http://odeo.ri.gov/offices/eoo>.

- 1.5. Minority and Women Business Enterprises.** In accordance with R.I. Gen. Laws §37-14.1-4, small businesses owned and controlled by one or more women who are economically disadvantaged (“WBEs”) or small businesses owned and controlled by one or more minorities who are economically disadvantaged (“MBEs”) shall have the maximum opportunity to participate in all procurements of goods or services involving funds administered by EERMC.
- 1.6. Disability Business Enterprises.** In accordance with R.I. Gen. Laws §37-2.2-3.1, small disadvantaged businesses owned and controlled by one or more individuals who have a disability (“Disability Business Enterprise”) shall have the maximum opportunity to participate in all procurements of goods or services involving funds administered by EERMC.
- 1.7. ISBE Utilization.** The term “ISBE” pertains to individuals who own small business enterprises and means all businesses that are certified as a WBE or MBE by the Rhode Island Office of Diversity, Equity & Opportunity (“ODEO”) or as a Disability Business Enterprise by the Governor’s Commission on Disabilities. In order for an offeror to receive credit for ISBE utilization either as an ISBE itself or through the utilization of a subcontractor that is an ISBE, the business must possess certification at the time the proposal is submitted to EERMC. To determine whether a business is certified by the State as an MBE or WBE or to become certified, please contact ODEO at 401.222.6398 or visit <http://odeo.ri.gov/offices/mbeco/>. To determine whether a business is certified by the State as a Disability Business Enterprise or to become certified, please contact the Rhode Island Governor’s Commission on Disabilities at 401.462.0100 or visit <http://www.disabilities.ri.gov/>. Offerors will receive between 0-6 evaluation points based on their proposed ISBE utilization rates. Each offeror must submit its proposed ISBE utilization rate as part of its proposal as instructed herein.
- 1.8. Utilization of Subcontractors.** Subcontractors are permitted, provided that their use must be clearly indicated in the proposal. To the extent possible, all proposed subcontractors must be identified in the proposal.
- 1.9. Public Disclosure of Proposals.** All proposals received by EERMC in connection with this RFP are subject to the Rhode Island Access to Public Records Act (“APRA”), R.I. Gen. Laws §38-2-1, et. seq. Once an award is made and upon receiving an APRA request, all proposals will be released by EERMC unless EERMC finds that the certain portions of information contained within the proposals are exempt from public disclosure pursuant to R.I. Gen. Laws §38-2-2(4). Offerors are advised to clearly mark or label “confidential” any portions of information within their proposals that they believe are “[t]rade secrets and commercial or financial information obtained from a person, firm, or corporation which is of a privileged or confidential nature.” When responding to an APRA request, EERMC will take into consideration any information marked by the

offeror as confidential. However, broad disclaimers that label the entire proposal as confidential will not help EERMC in its APRA analysis and may not be considered.

- 1.10. Costs Associated with Submitting a Proposal.** All costs associated with developing or submitting a proposal in response to this RFP, or to provide oral or written clarification of its content shall be borne by the offeror. EERMC assumes no responsibility for these costs.
- 1.11. Right to Cancel this RFP.** In accordance with R.I. Gen. Laws §37-2-23, this RFP may be cancelled at any time and/or all proposals may be rejected.
- 1.12. Misdirected Proposals.** Any proposals misdirected to other state locations, or which are otherwise not in the email inbox of the Contact Person at the time of the submission deadline for any cause will be determined to be late and may not be considered.
- 1.13. Proposals Irrevocable.** Proposals are considered to be irrevocable for a period of not less than sixty (60) days following the submission deadline, and may not be withdrawn, except with the express written permission of EERMC.
- 1.14. EERMC Website.** Offerors are instructed to peruse the EERMC website and any other pertinent websites listed in Section 2.1 of this RFP on a regular basis, as additional information relating to this solicitation may be posted there from time to time. See Section 2.1 of this RFP for pertinent website address(es).
- 1.15. Right to Transact Business in Rhode Island.** In accordance with R. I. Gen. Laws §7-1.2-1, et seq., no foreign corporation, a corporation without a Rhode Island business address, shall have the right to transact business in the State until it shall have procured a Certificate of Authority to do so from the Rhode Island Department of State. Please contact the Rhode Island Secretary of State's Business Services Division at 401.222.3040 or visit <http://sos.ri.gov/divisions/business-portal> for more information. This is a requirement only of the selected offeror(s).
- 1.16. Availability of Funds.** The purchase of services under an award made pursuant to this RFP will be contingent on the availability of funds.
- 1.17. Insurance.** Prior to being issued a final award, the selected offeror(s) will be required to possess all necessary insurance, as determined by the EERMC, and continue to possess such insurance throughout the life of the award.
- 1.18. Indemnification.** The selected and awarded offeror shall hold harmless and indemnify the EERMC and the State from and against any and all losses, damages, claims, suits, actions, liabilities, and/or expenses, including, without limitation, attorneys' fees and disbursements of any character that arise from, are in connection with or are attributable to the performance or nonperformance of the offeror or its subcontractors under an award stemming from this RFP.

**SECTION 2: AGENCY CONTACT PERSON AND OFFEROR SUBMISSION AND FORMATTING REQUIREMENTS**

---

**2.1 Contact Person.** Any communication regarding this RFP must be made in writing and directed to the Contact Person whose information is listed in the table below. Revised and/or additional information regarding this solicitation may be posted on the Pertinent Website(s) listed in the table below.

**2.2 Important Dates.** Important dates regarding this RFP are listed in the table below.

RFP Issuance Date	February 1, 2021
Pre Proposal Conference Date	Not Applicable
Written Questions Due Date	Friday, February 12, 2021 at 5pm. (Eastern Time).
Submission Deadline	Monday, March 1, 2021 at 5pm. (Eastern Time).

**2.3 Pre Proposal Conference.** There will be no pre-proposal conference for this RFP.

**2.4 Written Questions.** Prospective offerors may submit written questions pertaining to this RFP. Questions must be emailed as a Microsoft WORD or searchable PDF attachment to the Contact Person. The deadline to submit questions is listed within the table in Section 2.2 of this RFP. Questions and EERMC’s responses will be posted on the Pertinent Website(s).

**2.5 Amendments to this RFP.** If this RFP is amended or addendums are issued, written notice of the amendments and/or addendums will be posted on the Pertinent Website(s).

**2.6 Submission Deadline.** Each Proposal will include three (3) components: technical, cost, and ISBE. All three components must be received by the Contact Person by the Submission Deadline as listed within in the table in Section 2.2 of this RFP.

**2.7 Submission Requirements.** Each Proposal must be emailed to the Contact Person and must include the following:

- One (1) original technical component.
- One (1) original cost component. The original cost component must be a separate file from the technical component and be labeled as “Cost Proposal”.
- One (1) original ISBE component. This original ISBE component must be a separate file from the technical component and be labeled as “ISBE Proposal”.
- The electronic files must be in a searchable PDF or Microsoft WORD format unless otherwise permitted by the Contact Person. Please label each file as “Technical Proposal” or “Cost Proposal” or “ISBE Proposal”.

**2.8 Formatting of Written Documents.** For clarity, the technical component should be typed and sections should be clearly labeled to correspond with the pertinent RFP sections. These documents should use 1” margins on 8.5”x 11” paper using a font of 12 point. Technical components should be a maximum of ten (10) pages not counting any attachments. Each attachment should be referenced appropriately within the proposal section and the attachment title should reference the proposal section it is applicable to. The Cover Sheet, Cost component and ISBE component should be typed using the attached templates.

## **SECTION 3: EVALUATION AND SELECTION PROCESS**

---

**3.1 Technical Review Team.** Proposals will be evaluated and scored by a technical review team in accordance with the criteria contained herein. The chief purchasing officer, or the technical review team through delegated authority from the chief purchasing officer, will make a recommendation to the EERMC. An award shall be made to the responsible offeror(s) whose proposal is determined to be the most advantageous to the EERMC, taking into consideration price and the evaluation factors set forth in this solicitation. The EERMC is responsible for the final selection of an offeror. The EERMC reserves the right to award one, multiple, or no awards based on the proposals received. The EERMC also reserves the right to reissue the RFP at its sole discretion.

**3.2 Technical Component Evaluation Stage.** To advance to the second stage of the evaluation process, which factors in the cost and ISBE components, the offeror must earn a technical component score of at least 60 (85.7%) out of the maximum 70 technical points. Any proposal with a technical component score of less than 60 points will not have the cost or ISBE components opened nor evaluated and the proposal will be dropped from further consideration.

**3.3 Cost & ISBE Components.** Proposals scoring 60 technical points or higher will be evaluated for cost and assigned up to a maximum of 30 points in the cost category. In addition, proposals scoring 60 technical points or higher will be evaluated for ISBE participation and assigned up to a maximum of 6 points in the ISBE participation category bringing the potential maximum score to 106 points.

**3.4 Scoring.** Proposals will be reviewed and scored based upon the following criteria:

Criteria	Points Available
Overview and Work Plan	35
Qualifications and Experience	25
Project Management and Organization	10
Total Technical Points	70
Cost	30
Total Possible Evaluation Points	100
ISBE Bonus Points	6
Total Possible Points	106

**3.5 Calculation of Cost Points.** The offeror with the lowest cost proposal shall receive one hundred percent (100%) of the available points for cost. All other offerors shall be awarded cost points based upon the following formula:

$$(\text{lowest cost proposal} / \text{offeror's cost proposal}) \times \text{available points}$$

For example, if Offeror A is the offeror with the lowest cost proposal of \$65,000 and Offeror B proposes a cost of \$100,000 and the total points available are 30, Offeror A would get the full 30 points and Offeror B's cost points are calculated as follows:  $\$65,000 / \$100,000 \times 30 = 19.5$  points.

**3.6 Calculation of ISBE Points.** See Sections 1.5, 1.6 and 1.7 of this RFP for more information. EERMC adheres to 150-RICR-90-10-1 entitled *Regulations Governing Participation by Small Business Enterprises in State Purchases of Goods and Services and Public Works Projects*. The offer with the highest ISBE participation rate shall receive one hundred percent (100%) of the available points for ISBE. All other offerors shall be awarded ISBE points based upon the following formula:

$$(\text{offeror's proposed ISBE participation rate} / \text{offeror with highest ISBE participation rate}) \times \text{available points}$$

For example, if Offeror A has the highest ISBE participation rate of 20% and Offeror B proposes an ISBE participation rate of 12% and the total points available are 6, Offeror A would get the full 6 points and Offeror B's cost points are calculated as follows:  $12\% / 20\% \times 6 = 3.6$  points. See Sections 3.7 and 3.8 of this RFP for information on how ISBE participation rates are calculated.

**3.7 ISBE Participation Rate if the Offeror is an ISBE.** The ISBE participation rate for an offeror who is an ISBE shall be expressed as a percentage and shall be calculated by taking the sum of the amount of the offeror's total contract price that will be subcontracted to ISBEs and the amount that will be self-performed by the offeror and dividing that number by the ISBE offeror's total contract price. For example if the offeror's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs and will perform a total of \$8,000.00 of the work itself, the offeror's ISBE participation rate would  $(\$12,000 + \$8,000)/\$100,000 = 20\%$ .

**3.8 ISBE Participation Rate if the Offeror is not an ISBE.** The ISBE participation rate for an offeror who is not an ISBE shall be expressed as a percentage and shall be calculated by taking the amount of the offeror's total contract price that will be subcontracted to ISBEs and dividing that number by the ISBE offeror's total contract price. For example if the offeror's total contract price is \$100,000.00 and it subcontracts a total of \$12,000.00 to ISBEs, the offeror's ISBE participation rate would  $\$12,000/\$100,000 = 12\%$ .

#### **SECTION 4: OFFEROR'S SUBMISSIONS**

---

Each offeror must submit a proposal containing the following information. When responding to each section below, please label responses with the corresponding RFP section.

- I. Cover Sheet.** The offeror must complete, execute, and submit the RFP Cover Sheet which is attached hereto.
- II. Technical Proposal.** An offeror's technical proposal must include the following information:
  - A. Overview.** The overview should lay out the offeror's understanding of the scope of work, describe the offeror's proposed project work plan and approach, and explain how the offeror is well suited to achieve the project objectives.
  - B. Work Plan.** The offeror should describe its proposed project work plan in detail. Specifically, the offeror should describe how all components of the Scope of Work will be addressed.
  - C. Company Profile.** Provide an overview of history, length of time in business, organizational and staff capacity, core competencies, and any other resources uniquely suited to achieving project objectives.
  - D. Relevant Experience:** Describe offeror's experience with similar projects.

- E. **Examples of Prior Work:** If possible, reference two or three examples of previous projects that best display the offeror's ability and experience with work of a similar nature. Specify the role the offeror played in each project.
  - F. **Reference Information:** Provide names, email addresses, telephone numbers, and permission to contact three former or current clients for which the offeror has performed work in the last three years.
  - G. **Identification of Staff and Subcontractors.** List all staff and subcontractors proposed as members of the offeror's team.
  - H. **Staff Responsibilities.** Specifically describe each of staff and subcontractor duties, responsibilities, and areas of concentration for the project.
  - I. **Staff Experience.** Please include resumes, curricula vitae, or statements of prior experience and qualification. An organizational chart showing roles and responsibilities on the project is desirable. The team may include subcontractors; however, the lead offeror will be solely responsible for the management and deliverables of the team.
  - J. **Conflicts of Interests.** Describe any known conflicts of interest between offeror or an affiliate of offeror and any distribution company, or any affiliates of the foregoing. In addition, describe any known conflicts of interest between offeror or an affiliate of offeror and any member of the EERMC.
  - K. **Litigation.** Describe any litigation, disputes, claims or complaints, or events of default or other failure to satisfy contract obligations, or failure to deliver products, involving offeror or an affiliate of offer, and relating to providing services similar to the services being solicited by the EERMC.
  - L. **Investigation.** Confirm that offeror, and the directors, employees and agents of offeror and any affiliate of offeror are not currently under investigation by any governmental agency and have not in the last four years been convicted or found liable for any act prohibited by state or federal law in any jurisdiction involving conspiracy, collusion or other impropriety with respect to bidding on any contract.
- III. **Cost Proposal.** Offerors must separate their cost proposals from their technical proposals and submit cost proposals as a separate file. Please complete, execute, and submit a cost proposal using the cost proposal form template attached hereto. Offerors must complete both Task Sheets Page(s) and the All-Inclusive Price Page.
- IV. **ISBE Proposal.** Offerors must separate their ISBE proposals from their technical proposals and submit ISBE proposals as a separate file. To be eligible for ISBE points, an offeror must complete, execute, and submit the ISBE form template attached hereto. Offerors must complete both the List of ISBE Page and the ISBE Participation Rate Page. Failure to submit an ISBE proposal will result in the

offeror receiving 0 points in the ISBE scoring category. See RFP Sections 1.5, 1.6, 1.7, 3.6, 3.7, and 3.8 for additional information.

## **SECTION 5: PROJECT DESCRIPTION AND SCOPE OF WORK**

---

- 5.1 Summary:** The Rhode Island Energy Efficiency and Resource Management Council (“EERMC”) is issuing this request for proposals (“RFP”) to solicit proposals from qualified offerors to create educational videos beginning in March 2021. The EERMC provides oversight of Rhode Island’s energy efficiency and system reliability programs which are proposed and administered by the electric and gas utility distribution company as required by R.I.G.L. § 39-1-27.7. The EERMC is also responsible for promoting “public understanding of energy issues and of ways in which energy efficiency, energy conservation, and energy resource diversification and management can be effectuated.”
- 5.2 Background and Motivation.** The EERMC works closely with the Office of Energy Resources (OER) and its staff; issues reports on its work to the state General Assembly; and appears before the Public Utilities Commission (“PUC”) on various regulatory matters. The EERMC also engages a Consultant Team in order to achieve its statutory purposes as defined in R.I.G.L. § 42-140.1-3. The selected offeror will be expected to work closely with the EERMC’s public education working group, the EERMC’s Consultant Team, and OER to fulfill this Scope of Work.
- 5.3 Scope of Work:** The EERMC is seeking proposals to create eleven (11), two (2) to five (5) minute public educational videos on the following Rhode Island energy topics:
1. Solar energy: overview, history of programs and policies, siting opportunities in Rhode Island, and how solar will affect the RI landscape through 2030 (when RI is mandated to procure 100% renewable electricity) and beyond
  2. Wind energy: overview, history of programs and policies, offshore and onshore wind, and how wind will affect the RI landscape through 2030 and beyond
  3. What is energy efficiency? What is a Negawatt?
  4. How our energy use is connected to climate change
  5. Energy storage & demand response: overview, history of programs and policies, why storage matters more as we increase renewables
  6. What’s on your utility bill and how is it calculated?
  7. The electric grid from generation source to your home/business
  8. Who oversees energy policy in RI – i.e. who is the PUC, OER, DPUC, EERMC and DG Board – give information on how to engage
  9. The natural gas system – from generation to your home/business
  10. Decarbonizing the thermal and transportation sectors: see Rhode Island’s Heating Sector Transformation Report and include information about strategic electrification

**11. Introduction video for the Rhode Island Office of Energy Resources (OER) – Summarizing OER’s mission and responsibilities**

It will be required that all videos except video #11 in the list above, also have a 30 second, short-cut version for use on social media and other time limited communication channels. Video #11 will be limited to 60 seconds and will not require a short-cut.

Videos can be live action, animated, or a combination. However, preference will be given to proposals with a clear strategy for creating videos that have longevity and will not become out of date quickly. All videos, once created and reviewed by the EERMC and/or OER, will be posted publicly on the EERMC website (<https://rieermc.ri.gov/>), OER’s website (<http://www.energy.ri.gov/>), OER’s YouTube channel and/or other education platforms. All proposals must agree to seek no content copyrights as a primary EERMC objective is to provide educational videos that can be used and easily accessed by the general public.

All video scripts and/or storyboards will be reviewed by OER and the EERMC consultant team prior to video creation. OER and the EERMC consultant team guarantee a two-week turnaround time for any material review and will be available monthly for 1-hour meetings, if requested by the selected vendor. The initial drafting and background research for each script and/or storyboard will be the sole responsibility of the selected vendor. All videos should be tailored to a Rhode Island general audience. Preference will also be given to proposals that include a strategy for showcasing character demographic diversity. OER and the EERMC consultant team will also prioritize equity considerations when reviewing storyboards/scripts for all videos.

Proposals must include a proposed timeline and workplan with discrete tasks and deliverables for all eleven (11) videos.

The term of a contract signed pursuant to the terms of this Request for Proposals will be twelve (12) months from the date of contract signature. Preference will be given to proposals that can complete all eleven (11) videos prior to December 31, 2021.

If an offeror identifies a need for additional tasks or services, the offeror may indicate such additions in their project proposal.

#### **5.4 Required Deliverables**

- Eleven (11) two to five (2-5) minute videos on the energy topics listed in section 5.3 above
- Thirty (30) second short-cut versions of videos 1-10 in the video list in section 5.3 above
- Email communications, as needed
- Draft and final video scripts and/or storyboards for each video

- Bi-monthly (once every 3 months) written or oral updates on video production to be shared with the EERMC
- The EERMC requires monthly invoicing of itemizing services rendered in the previous calendar month. Invoices shall be submitted by the tenth (10th) day of each month to the EERMC Executive Secretary or its authorized designee. If no legal services were provided in the previous month, the Applicant shall submit an invoice stating such.
